Highland, UT 84003

To Whom It May Concern:

Oklahoma Business Professionals of America would like to thank Mr. Ty Bennett for presenting as our keynote speaker at our 2013 State Leadership Conference. The students were highly motivated and highly engaged throughout Ty's phenomenal keynote address.

Each year Oklahoma Business Professionals of America seeks a motivational speaker to present at the state conference. Ty was chosen by the State Executive Council Members to be just that person. From start to finish Ty and his staff were amazing to work with.

Ty took initiative to learn about the organization and tailor his presentation to his audience. All of the comments I received about Ty's presentation were positive. All of the students enjoyed his presentation and engaging activities. Through the presentation the students learned not only about leadership, but about themselves as leaders and what it takes to be a great leader. As the State Advisor I could not ask for more than great comments received by the students. From start to finish was completely satisfied with everything Ty and his staff did for Oklahoma Business Professionals of America.

If your group or organization is looking for an energetic, motivating, and inspiring keynote speaker for your youth organization, I would highly recommend Mr. Ty Bennett.

Sincerely,

Dustin Devers
State Advisor
Oklahoma Business Professionals of America
