

May, 2012

Ty Bennett was our keynote speaker at the 2012 Michigan Recruitment & Retention Network's Annual Conference and our audience loved his message on The Power of Influence. Ty is a fresh voice who has had tremendous success at a young age which gained the respect of our group, but more importantly his engaging style and applicable content left our group inspired to be better.

Ty had everyone participating and his multimedia presentation added great entertainment and brought the speech to life. The feedback on his presentation from our attendees has been overwhelmingly positive ... personally speaking, truly an inspiration! We were all engaged and captivated by Ty.

I believe Ty's message on leadership and influence is universal but his examples were customized to our industry and his ideas were ones that everyone felt would make them more effective.

If you are looking for a tremendous speaker with a fantastic message, you can't go wrong with Ty Bennett!

Sincerely,
