Dear Ty,

On behalf of the entire Farmer Boys Restaurants leadership team, we thank you for the time that you spent engaging our team this week in the Power of Influence.

Most impressive and appreciated is the way the Power of Influence presentation was so customized to our brand mission and core values. It was if you were not a corporate motivational speaker, but instead a member of our team who believes as we do that every person can make a difference. I believe that this is why your talk was so inspirational for our team members.

We appreciate the time and effort that you took to get to know our brand and incorporate that into your presentation. We look forward to having you back again.

Sincerely,

Camille Chavez

Director of Training
