Dear Ty,

On behalf of our team at Nestle Waters, we want to thank you for coming to speak to our group about leadership. It would be my (and our entire team's) pleasure to highly recommend you.

Your message was clear, concise and on target in regards to leadership, listening and investing in people. I was impressed how you were able to engage the entire room thru having everyone involved in the discussion. I have received a lot of feedback from our team saying they have employed many of the strategies learned in your talk, to their benefit.

Thank you again for coming out to speak with our group. I look forward to hearing you speak again in the future

Best Regards,

Rick Pickering
