Ty,

On behalf of the entire Tijuana Flats team I would like to thank you for your Power of Influence presentation at our Annual Business Review and Celebration. The presentation was engaging and the managers loved it! In our post conference survey, attendees rated it a 4.3 out of 5, but more impressive were their comments:

- *Great motivational speaker and was able to connect to the entire crowd. I felt as though he was a peer and a leader.*
- *Best I have been too!*
- *This was my favorite section of the conference. I was very impressed with Ty and his presentation.*
- *Ty was amazing, witty, and really makes you think about everyday decisions.*
- *Ty was a great guest speaker. He was different than anyone else we have heard.*
- *Powerful content!*

The time Ty took before the event to learn about our brand made the presentation even more relevant. He really got to know our culture and provided leadership development skills that our managers could immediately use to grow our people.

Ty, along with the entire Leadership Inc. team, are all truly a pleasure to work with.

Thanks again,

The Team at Tijuana Flats
